

FOR IMMEDIATE RELEASE

**Town Hall Meeting** - Wednesday, March 17<sup>th</sup> - First Montana Bank: 504 Mineral Avenue – Libby, Montana - Potluck at 6:00 p.m.; Discussions at 6:45 p.m.

We agree with Albert Einstein's Definition of Insanity: Doing the same thing and expecting different results!"

"If you don't know your rights – you don't have them!" Did you know that you qualify for another, much more powerful vote than the one you cast on election day? This opportunity comes when you are selected for jury duty, a position of honor for over 700 years! It's called your Jury vote.

Rex Nichols, who recently announced his candidacy for Lincoln County Sheriff will conduct a presentation on the following topics: "Jury Nullification Process," "A Jury's Rights, Powers, and Duties," and "The County Sheriff: America's Last Hope."

Paul Stramer, a communications expert from Eureka, Montana will discuss the importance of ham radio communications in times of emergencies. He'll also share the "Liberty Bell Freedom System" being utilized all over the nation by citizens who are tired of "business as usual." Concerned citizens demonstrated its effectiveness just last week at a Ravalli county commission meeting held in Hamilton, Montana.

One section of a proposed new rules and regulations for the Ravalli County Airport was removed in its entirety after a very vocal public expressed their disapproval of the language in the draft copy of the regulations. The egregious section that prompted the public outcry was, "Section 5-109 FIRST AMENDMENT ACTIVITIES: which denied the public their first amendment rights on the airport property without first obtaining the county's permission."

Sixty concerned citizens showed up within minutes to the Ravalli county commission meeting after they were alerted through the "Liberty Bell" system. Over a dozen people (same as in a jury) spoke up against the proposed language and reminded their public servants that when they accepted their jobs, they took an oath of office to uphold and defend the Constitution of the United States.

Two of their many comments included: "These rights were given to us by God, and guaranteed by the Constitution and you can't take my rights away!" and "It's your job to protect these rights - it's not your job to regulate them," another added.

The county commissioners, after being reminded of their duties, voted unanimously to remove that section from the proposed airport regulations.

Do we need this kind of accountability and Liberty Bell system here in Lincoln County? You bet! Be there or stop your whining.
